### MARCH 3 - THIRD SUNDAY OF LENT:

In today's Gospel, Jesus is in Jerusalem because the Passover of the Jews is near. This sacred feast draws

numerous pilgrims who come to celebrate this great feast. However, what Jesus encounters in the Temple area is a complete contradiction of that for which the Temple is intended. The Temple, the House of God, was designed to be used for prayer, not as a marketplace or some other commercial undertaking. Jesus shows passionate devotion for his Father's house when he overturns the tables, sending people, animals, and coins scurrying in all directions. Then, when the religious leaders ask for a sign which will account for Jesus' reaction, they are unable to see with the eyes of faith that Jesus' reference to the destruction of the Temple and its been raised up in three days is actually a reference to his own death and resurrection. May we always walk with faith and not depend on signs to believe in God's saving power at work in our lives.

### Week 3: March 3. Denouncing oil pollution in Nigeria.

Nigeria is Africa's largest economy and biggest oil producer. Despite oil exports worth billions of dollars, millions of Nigerians remain in poverty and face food insecurity. In the south, pollution and contamination by the oil industry are causing great hardship. Development and Peace — Caritas Canada's partner Health of Mother Earth Foundation (HOMEF) defends farmers' rights and helps protect their lands. To learn more about the work of HOMEF, read our [Mini-magazine](#) and watch the video at [devp.org/lent](#).
